units of the 12th Gds Tank Div were employed in the Work in the Neuglienicke area. This information tends to indicate that two more deforestation projects were under way south of the Schweinrich-Lutterow road and south of Gadow. Fatigue details of the IX Mitz Rifle Corps were probably employed in this work between 1 and 21 November. It is possible that firing lanes for advanced combat practices of the abovementioned units are being prepared in the areas mentioned. The construction of a new mirfield in this area appears most improbable, as the Schweinrich troop training grounds
